## Work Background

**Renoworks Software Sales and Marketing: 2023-Present**

### **Account Executive**

Contacting contractors from all over the world to show them new technologies available to visualize their products and sell their jobs at a faster rate, where customers are more confident in their design choices.

**Renoworks Software Design Services: 2022-Present**

### **Design Consultant**

Outside of my Platform lead position, I also host 1 on 1 design meetings to consult on the design concepts and recommend designs based on my years of experience in the industry.

**Renoworks Software Design Services: 2019-2023**

### **Platform Lead**

Using our in house software designer and the Agile Method, I lead a team that worked closely with home renovation contractors to 3D visualize home remodels. Responsible for managing and tracking all the analytic data and finances for all clients and team members.

**Staples Technology Center: 2017-2019**

### **Marketing and Print Designer/Technology sales**

Responsible for helping customers find the best products, and answering all questions about the tech we sold.

Designing and creating printed products, process orders, and help anyone who walked through the door.

**Pier 1 Imports: 2016-2018**

### **Interior designer**

Develop design concepts for customers interior spaces. Meet with clients to discuss ideas and utilize existing pieces in the designs.

### **Not for Profit**

2012-2015 assistant to the event co-ordinator of the Life Without Limits Cerebral Palsy Association of Alberta Annual Gala

2011 organized fundraiser for the Cerebral Palsy Association of Alberta
